

Eric Kriner, BS, RRT Vent Graphics Workshop

Tuesday, September 29, 2015 1:00-5:00

\$40 – 4 CRCEs - Sponsored by: Dräger & Ing-Mar Medical

(Registration is limited to 50 attendees)

Eric Kriner currently oversees the management of all mechanically ventilated patients, and the clinical practice of the Respiratory Care department at Washington Hospital Center, Washington, DC. Mr. Kriner supports the educational advancements of the respiratory care staff, the nursing and midlevel practitioners, and the graduate medical education program in the form of bedside education, ventilator rounds, lectures, simulation laboratory exercises, and pulmonary case presentations. He also serves as the Chair for the Medical Advisory Committee for Prince George's Community College, Largo, MD.

Mr. Kriner earned his BS degree in Respiratory Therapy from Salisbury University in 1997 and has been a presenter, lecturer, and author since 2002. He has earned numerous certifications and awards including the AARC Acute Care Practitioner of the Year Award in 2012.

Mr. Kriner was a lecturer at last year's symposium where his interactive presentation on the Assessment and Management of Patient-Ventilator Dysynchrony was well received.

Attendees of this preconference workshop have an extraordinary opportunity to hear, interact with, and participate in this unique workshop on one of the major professional skill-sets required in respiratory care practice; mechanical ventilation.
