

NCSRC Call For Research Abstracts 2015

Invitation to Present Research Abstracts During Poster Presentation Session

The NCSRC invites you to become a part of the excitement. The next Open Forum Presentation will be at the Symposium in Wilmington, NC on Wednesday, September 30, 2015. You are invited to submit and present a research abstract related to your area of interest in Respiratory Care.

Benefits of Research Poster Presentations: The Open Forum Poster Presentation is your opportunity to:

- *Be published on the North Carolina Society for Respiratory Care Website.
- *Gain state recognition for your work from internationally recognized Physicians, Respiratory Therapists, and your colleagues.
- *Receive constructive feedback on your abstract given by conference attendees.
- *Compete for awards.
- *Help build a strong scientific foundation for the Respiratory Care profession.
- *Earn CEUs for poster presentations.

Research Poster Presentation Guidelines:

The deadline for submitting abstracts for review will be **Monday, September 14, 2015.**

Send your abstracts and questions to:

Mike Gentile RRT FAARC FCCM via email (michael.gentile@duke.edu)
